CROWD IS UNMANAGEABLE

Admiral Abo Praises Colonel's Courage in New York-Paris Flight.

By The Associated Press
TOKYO, Aug. 26.—Men, women and children fought the police here today in a wild scramble to get a glimpse of Colonel and Mrs. Charles A. Lindbergh.

The famous couple entered Tokyo by train this evening after landing at Gassumigaura naval base, 50 miles from the capital, the official terminus of their 7,122 mile flight from New York.

At Ueno station the Lindberghs encountered probably the most dense crowd in their experience. Several times while the fliers and their official party were being seated in limousines the crowd became unmanageable and, for a time it looked as though the Lindbergh automobile would be overrun.

Received by Admiral Abo, the police were taxed to the utmost to keep the crowd away. Completing the last lap of their long flight, the Lindberghs arrived at Kasumigaura at 2:00 p. m. (12:00 a. m. Marion time) after a 613 mile flight from Nemuro.

They were received by Admiral Abo, minister of the navy; W. Cameron Forbes, American ambassador, and other notables while a crowd sent up a chorus of cheers.

Admiral Abo, in uttering the initial welcome, praised both the Colonel and Mrs. Lindbergh for their flight across the Pacific and hailed them as messengers of peace tending to strengthen the friendly relations between Japan and the states.

Lindbergh, in responding, stressed his appreciation of the hospitality extended from all quarters and said he and Mrs. Lindbergh

PLAN HUGE DRIVE TO RAISE RELIEF FUNDS

Administration Hopes To Make Congressional Appropriation for Unemployed Unnecessary.

By The Associated Press
WASHINGTON, Aug. 26.—The administration hopes to be able to inform congress in December that relief funds raised locally throughout the country will be adequate to care for the unemployed during the winter months.

This was emphasized today by arrangements for completing a nationwide drive for relief funds two weeks before congress meets in regular session on Dec. 7.

President Hoover's organization on unemployment relief headed by Walter S. Gifford, selected the period from Oct. 19 to Nov. 25, for the appeal to obtain funds through city, state and county campaigns.

The time was fixed following a conference between the national relief director and representatives of public and private welfare organizations.

It was announced this period had been determined upon "because of the fact that a majority of the fund drives in past years have been conducted between those dates."

The relief organization recommended that "as far as practicable campaigns for relief funds and also welfare campaigns which include relief funds be conducted this year during this period."

"To the extent that all campaigns fall within this period," it said, "it is believed additional impetus will be given to each local effort."

Drive Local in Nature

Gifford has emphasized the national organization is not planning to raise a fund, but will merely coordinate and encourage the raising of funds by political subdivisions.

The campaign, however, will be nationwide with appeals sent from national headquarters by radio and press.

As Gifford continued today to devote his entire time to the relief problem, he was encouraged by reports of offers from prominent business men to aid him on a voluntary basis.

LABOR PARTY VOTES OUSTER OF M'DONALD

Coalition Cabinet Starts Work on Budget Immediately After Taking Office.

PREMIER REGRETS ACTION

Banished Party Head Places Nation's Financial Well-Being Above Own Status.

By The Associated Press
LONDON, Aug. 26.—Great Britain's second labor government officially stepped out of office today, and a short time later the coalition cabinet got down to work in an attempt to balance the empire's budget.

The new government, headed by J. Ramsay MacDonald, labor premier, had hardly taken the oaths when the Labor party in Mr. MacDonald's home back in London, adopted a resolution banishing him from the party.

In adopting the resolution banishing Mr. MacDonald, the Hemstead division of the party criticized the premier for his "disloyalty to the Labor party and his open flouting of party discipline in joining the Anti-Socialist government."

Move Expected

Mr. MacDonald apparently anticipated some such move on the eve of the Labor party meeting scheduled for Friday, and forwarded to all labor members of parliament a personal message explaining his recent course of action.

"The financial crisis was approaching rapidly," he wrote. "It had become a matter of hours and we had to act immediately. The Labor government strove hard to agree about this issue so that it might continue its work in other fields, but it failed and had to face the consequences."

"If our financial stability is endangered and a ruin is made of our financial resources, the consequences would be too terrible to envision. This makes temporary retrenchment inevitable and imposes some amount of common sacrifice."

Expressed Regret

He expressed regret that after a lifetime of work in the labor movement he and some of his colleagues had to decide in the instance of the country on a course which might embarrass the party for the time being. He appealed to Labor members to suspend judgment until parliament assembled and the events of the past few days may be seen in perspective.

The king received the retiring ministers of the old regime at Buckingham palace and they

NEGRO TELLS STORY

Says Mrs. Veres Promised Him \$500 To Remain Silent.

By United Press
DETROIT, Aug. 26.—Mrs. Rose Veres, 48, today was held while police delved into the mysterious deaths of 10 men, three of them her husbands, who have died at her home under strange circumstances.

Finding of insurance policies totalling \$1,368 in her favor carried by Steve Mak, 30, a roomer, who died in receiving hospital Tuesday, presumably of injuries from a fall, led to detention of the withdrawn woman known as the "Witch of Delray."

John Walker, a Negro, who said he saw Mak's fatal plunge, said Mrs. Veres told him that she, her son and another roomer had Mak in the basement of the home and carried him to the attic and threw him out.

Walker said Mrs. Veres explained police would never know what occurred because a ladder standing near the window would make it appear Mak fell.

"She promised me \$500 if I promised I wouldn't tell anybody," Walker added.

Six years ago Mrs. Veres was questioned when two of her brothers died of alcohol poisoning. Two years later, according to her attorney, Mrs. Veres was in custody when her last husband, and a boarder died of carbon monoxide gas in an automobile in the rear of the Veres home.

The deaths of five other boarders have also occurred in the home, two of whom apparently hung themselves.

Mrs. Veres was believed by police to have paid for the insurance of the men in which she was named beneficiary.

INVADERS SPEAKS TO SHOOT MAN DOWN

New York Records Another Gang Killing; Federal Drive Under Way.

By The Associated Press
NEW YORK, Aug. 26.—A gang killing while scores of crooked and suspects were being rounded up alerted the police and others to new activity today.

Three men invaded a Bronx establishment last night, strode over to a table where Theodore Naddi, 28, was playing cards, with two companions and shot him dead. Naddi's two companions and the gunmen were gone when detectives arrived. Police regard the place as a speakeasy.

Federal agents dealing with internal revenue, narcotics, prohibition and other matters have conferred with federal Attorney Amiel of Brooklyn, and Middle of New York. It is the purpose of federal officers to aid in the drive against crime by obtaining indictments before special grand juries.

Most of the 100 men arrested in the police drive yesterday were allowed to depart after brief formalities. None had guns. Another batch was brought in today.

STRIKE BACK AT STATE SENATOR'S HIGHWAY CHARGE

Columbus Lumber Dealer Says Lorbach Told Him of Offer Before He Met Knisely, Accused of Making Proposal To Halt Quiz.

FORMER STATE EMPLOYE MAKES DENIAL

Other Members of Committee Hint Chairman Attempting To Advance Own Political Welfare by Means of Investigation.

By The Associated Press
COLUMBUS, O., Aug. 26.—James W. Taylor, a Columbus lumber broker, announced today that State Senator David Lorbach of Cincinnati, talked about an offer to him to end the senate committee investigation of the state highway department before he ever met Clyde J. Knisely.

At a special meeting of the committee in Cleveland yesterday, Senator Lorbach, chairman of the investigating committee, named Knisely as the man who approached him and offered him \$200,000 to "retire" from the investigation. Knisely denied he made any offer, but said he had told the senator of rumors that a \$50,000 fund was to be collected "for the committee."

Not in March

According to Taylor he introduced Knisely to Senator Lorbach last March, and hopes that time the senator had told him about the alleged offer of money to halt the probe. He added that the introduction was at the request of Lorbach.

Senator Lorbach told me several weeks before I introduced him to Knisely that an effort was on foot to buy off the committee," Taylor said. "Evidently Lorbach has named the wrong man, having somebody else in mind."

Charges made by Senator Lorbach that Knisely, a former state highway engineer, allegedly offered him money to "retire" from the investigation, will be aired before a special meeting of the committee next Tuesday in Columbus.

Senator Lorbach, Cincinnati Democrat, yesterday revealed the name of the man who approached him as Knisely, until last January a highway department engineer but now an employee of the state tax commission.

Knisely, who flatly denied the senator's charge was alleged by Senator Lorbach to have stated that \$200,000 was available if further investigation of the highway department was forestalled.

BELIEVE CANTON MAN DIED IN GANG WAR

Joe Cotelli's Body Found Near Exclusive Country Club District.

By The Associated Press
CANTON, O., Aug. 26.—Working on the theory that the slaying of Joe Cotelli of Canton, was the outgrowth of a feud between rival run-running rings operating between Pittsburgh and Cleveland, Stark county authorities today turned to the police of those cities in the hope of uncovering a clue to the killing.

Police said that an associate of the victim gave them a "tip" on which they based their belief that Cotelli was killed because of friction between the Pittsburgh and Cleveland gangs.

Coroner T. C. McQuate said today that his examination of the body showed Cotelli had been killed by a blow on the back of the head. The skull was crushed. At first it was believed the man had been dragged to his death by a clothesline attached to his neck. The body was found by a farmer in a thicket near the exclusive Congress Lake country club. He had been dead about three days.

Police said Cotelli had no police record under that name, but they believed he was known under aliases. At his rooming house he was registered as "Rocco." Relatives and associates did not know how he earned a living. He came here from St. Louis several years ago, and he was known as a "well dressed and free spender."

Lindy Freed

HOLLYWOOD, Calif. — See where the Japanese spy returned a verdict of "not guilty" against Lindy. They not only freed him, but complimented him for finding some islands that they didn't know they had themselves.

The Labor government of England fell because it wanted to cut the salaries of those who weren't laboring.

Now they got a coalition government. That's one they have when there's nothing left to divide up.

AKRON TAKEN FROM HANGAR FIRST TIME

Ground Crew "Walks" Huge Ship Outside in Practice Launching.

By The Associated Press
AKRON, O., Aug. 26.—The Akron, queen of the air, poked her nose out of her giant dock early today for her first visit into the open air.

A ground crew of 250 men "walked" the ship, the largest dirigible in the world, outside of the hangar in the dress rehearsal to prepare for the first flight some time in the near future.

The ground crew was divided into 10 squads. Fifteen or 20 men were stationed at each of four lines along the sides of the ship. Others at forward and rear positions manned 10-ton handling cars.

The stern fin was raised and placed on wheels, the handling lines were attached and adjusted, and with the mobile mooring mast pushing the huge craft, the airship was taken half way from the dock stern first and then moved out of the hangar on an equal distance.

Lieutenant Commander Charles E. Rosendahl, captain of the Akron, Lieutenant Commander H. V. Wiley and Lieutenant Wilbur Bushnell gave orders from the ground for the "walkout" maneuver.

Other members of the Akron's crew were stationed within the ship where handling lines were attached and at the port holes relaying messages from Rosendahl and Wiley to engineers operating the mooring mast.

With the first launching rehearsal completed, the program of construction tests inside the dock was ready to be resumed.

GANDHI TO ATTEND LONDON CONFERENCE

Indian Leader Makes Decision After Conference with English Viceroy.

By The Associated Press
SIMLA, India, Aug. 26.—Mahatma Gandhi has agreed to take part in the second round table conference and will sail for England next Saturday. It was officially announced today.

The announcement that Gandhi would attend the conference came after a talk he had with Viceroy Willingdon this morning. It was said to have been highly satisfactory and that the conclusions would be issued in communicative form. Gandhi is leaving at once for Bombay.

The Mahatma had previously said he would not attend the conference unless the viceroy appointed an impartial arbitration board to hear his charges that duties had been used in collecting revenue taxes from peasants.

Now he has waived that demand, accepting the viceroy's assurance that the government will try in the future as it has tried in the past to observe every clause of the Delhi truce.

When Gandhi emerged from the viceregal palace he waved his hand to the cheers of the crowd waiting outside, then gathering his homeward staff about him set off atop over the long mountain road to his own dwelling.

MANIAC MOTORIST KILLED BY POLICE

Chicago Man Slashes Patrolman with Hatchet Before Getting Bullet.

By The Associated Press
CHICAGO, Aug. 26.—A homicidal motorist endangered hundreds of lives and attacked two policemen with a hatchet today before he was shot to death. Cards in the man's pockets indicated that he was H. B. Young, a Franklin Park, Ill., railroad clerk.

A wild five-mile chase started at Niles, northwest suburb, when a highway policeman Frank Stankowitz tried to arrest the man for signagging across the street. The motorist first tried to run over the motorcycle officer and then sped away. At one intersection of the West Side the man drove into a crowd waiting for a street car, narrowly missing several persons.

Policeman Fred Kordes joined the chase, jumping on the rear of Stankowitz's motorcycle. Suddenly the man stopped and ran at the policeman, waving a hatchet and shouting curses. The officers had emptied their pistols at his heels. After slashing Stankowitz's hands, he jumped back to his car and drove on furiously.

Meanwhile Stankowitz had jumped on the running board and, when the motorist chopped at his hands, Stankowitz climbed to the top of the car. The man drove with one hand and chopped at the roof of the car with the other. Another motorist forcing him to the curb, the man began chasing Stankowitz, shouting that he "hated coppers."

Officer Kordes, who had commandeered an automobile after the motorcycle was wrecked, arrived and killed the man.

Marion county granges drove through the rain to attend the annual picnic of the organization at Canfield park at noon today. Rainfall made athletic contests impractical, but did not interfere with other features of the program, which included a stunt by each of the 12 granges in the county.

Old time music, readings, dances and music made up the program. The outstanding feature of the program was a scheduled talk by J. W. Fitcher, state lecturer of the grange and assistant director of education in Ohio.

Presbies—C., D. & M. Battle 10 Frames to 1-1 Deadlock

CUNNINGHAM CLOUTS HOMER IN BRILLIANT OVERTIME CONFLICT

Darkness Halts Play at End of Tenth; Pohler, Staley Shine in Field.

BY BOB KIRKPATRICK Sports Editor, The Star

THOSE recreation baseball fans of Marion who before yesterday had nominated the C. D. & M. Electricians to waste through the Little World's Series this season with no more than minor difficulties are probably sitting around today revising their original estimates. For yesterday those underdog Presbyterians, champions of the No. 2 Sunday school circuit, stepped right out and battled the Electricians to a 10 frame 1-1 deadlock. Yes sir, when I say battled, I mean just that. Except for a momentary letdown in the fourth frame the church champs turned in a near perfect game of ball. No better to be sure, than that played by the Electricians, but about nine tenths of the spectators had the Presbies down for a beating so they got the credit for accomplishing the greatest task.

Some Real Talk

This game was no ordinary hurra-duel where nothing but little pop flies or easy grounders are products of the bat. The war clubs of both teams were swinging over time and some hotly walloped were bludgeoned out to give the fielders a chance to demonstrate to their skill. Cunningham, Pohler and Staley got the honors for spectacular fielding but the work of their teammates was fully as effective though not as sensational. Cunningham pulled down a hefty wallop off the bat of Hap Applegett in the fourth frame that could easily have gone for a triple or even a home run. Pohler turned in some nice stops at short and Staley covered more than usual territory.

Cunningham Hits Homer
Ted Cunningham smashed out the second home run of the 1931 series in the first of the fourth frame. It was an awful wallop, rolling clear to the fence in left center field.

Shoemaker and Gamble were both almost invincible in the pitcher's box. The Presbyterians got six men on the bases at some time or another and had them all stranded. The Electricians put four men on base and had them left there. Gamble struck out six men and Shoemaker seven. Both issued two free tickets for first base.

These two teams will meet for the second time on Thursday of this week. This game will take the place of what was supposed to have been the Kappas vs. the losers of the Presbyterian-C. D. & M.

Tournaments Arranged.

Agosta will play Prospect at Prospect in a Tri-County league game on August 30. The league will be divided for a pair of tournaments on Sept. 6, the winner of each division meeting in a three game series to decide the league title. One division will play at Agosta and the other at Caledonia. Merral, Denmark, Prospect and Caledonia will compete at Caledonia and Agosta. Marcellus, Essex and Richmond will play at Agosta.

BY BOB KIRKPATRICK

After watching the Presbyterians and C. D. & M. battle through 10 innings yesterday to finish in a 1-1 deadlock I am suddenly stricken with one of those unusual and rare brainstorms which says perhaps these Presbies have been under-rated. The feat of holding the industrial champs to a 1-1 tie doesn't give them a city title by any means but it does considerably increase their prestige. The return game Thursday ought to be another terrific battle. The Electricians look like they should win by a slight margin but it would take a lot of nerve and little brains for a fan to put much money on such a forecast.

The receipts of the series so far are not quite up to the record year of 1930. Approximately \$35 was taken in at the first game.

PLAY TONIGHT

Unless inclement weather puts a stop to proceedings, the Lutherans and Epworth Seniors of the No. 1 Sunday school league will decide today the rightful occupant of that place in the league for this season. The team losing this place will be relegated to the No. 2 Sunday school league next season. Bryant Corwin is expected to do the hurrying for the Seniors with Kochensperger on the mound for the Lutherans. The game will be played at Lincoln park starting at 8 p. m.

game and \$15 at the second game yesterday. The figures for the first game in only a couple of dollars under last year but the second game is about \$30 below the 1930 mark.

There should be an interesting race before the series is completed to see which player of the four teams turns in the highest batting average. Last season "Flash" Baldwin, Calvary shortstop batted the sphere at a .730 clip. In the first two games this year, Gene Gunder, Irish pitcher, is leading with three hits in four times up for a .750 average. There are several others with a 500 per cent mark for the first game.

These Little World's series games are going to make it quite difficult for those individuals who get the task of naming the all-city team for this season. The brilliant play of several members of the four championship squads is going to make it impossible to keep them from consideration. This team will appear immediately following the Little World's series.

Waste may make prosperity—for those whose business it is to repair it.

YANKEES WIN FIRST SHUTOUT VICTORY OF YEAR OVER CHISOX

American League Pits Speedsters Against Each Other in Special Feature.

BY GAYLE TARBOT

Associated Press Sports Writer
Having pretty well settled the question of team supremacy in the two major leagues, the boys have hit upon a new scheme to whet the interest of the fans. They're putting on track meets, and the possibilities are limitless.

When Ben Chapman, the Yankees' favorite speedster, outfoxed Carl Reynolds of the White Sox, in a special match race before yesterday's tilt at Chicago, something undoubtedly was started.

Chapman, seeking more splinters to conquer, already has issued a defy to any player in the American league for a 100-yard match race, and they're talking of pitting him against the National league's speed champion as a feature to the approaching world series.

Staley Two Bases
After beating Reynolds by some four yards in their special dash, Chapman utilized his speed in the game that followed to steal his fifth and fifty-first bases of the year.

The Yankees' won, incidentally, 3 to 0, behind Herb Pennock's eight hit pitching. It was the first shut-out credited to the McGarrymen this season.

Eddie Rummel hurled the long, some Athletics to a 4 to 1 victory over the St. Louis Browns, allowing only six hits along the way. The Washington Senators, so far back now it scarcely matters, thumped the Detroit Tigers, 5 to 1. Rains prevented the scheduled bout between Cleveland and the Red Sox.

Their balls all set for second place in the National league, the Giants helped matters along by trimming the Chicago Cubs, twice, 5 to 3, and 7 to 1, stretching their lead over the Hornsby clan to five games. Carl Hubbell's five-hit pitching featured the first. Jim Chaplin stopped the visitors in the second, Ralston Hemsey's homer depriving him of a shut-out.

Robbie Divide Pair
The Robins, likewise nursing second place ambitions, divided a pair with the Pittsburgh Pirates, a four-run spurge off Watson Clark in the eighth inning gave the Pirates the opener, 5 to 3. Fred Helmsch squared matters by holding them to three hits, and winning the nightcap, 5 to 0.

Cincinnati and Philadelphia look turns applying the Whitewash, the Reds winning the first 5 to 0, behind Red Lucas' brilliant pitching and the Phils taking the second, 1 to 0, as Jim Elliott bested young St. Johnson in a tight duel.

Old Sox's Balboid held the Cardinals scoreless for eight innings, but they picked him for one to tie the score in the ninth and then collected three more in the tenth to defeat the Boston Braves, 4 to 1.

Mate Is Scratched.

By The Associated Press
SARATOGA SPRINGS, N. Y., Aug. 25.—The race which was to settle the question of turf supremacy for 1931 is off so far as Mate, one of the three contenders, is concerned. A. C. Bostwick, owner of the year's leading three-year-old, announced yesterday that Mate, injured in a race recently, would not start against Twenty Grand and Sun Bean in the Saratoga cup race Sept. 5.

KANSAS CITY BLUES TIED FOR SECOND IN ASSOCIATION RACE

Kawa Gain by Beating Toledo 4-3; Red Birds Stop Brewers 6-5.

By The Associated Press

CHICAGO, Aug. 25.—The Kansas City Blues today were in a position to grab off undisputed possession of second place in the American Association during the next two days.

The Blues yesterday moved into a tie with Indianapolis for the runner-up position, by taking their

second straight over Toledo, 4 to 3, while St. Paul was defeating the Indians, 4 to 2, to even up the series.

Toledo's fielding was the big factor in Kansas City's victory. The Mud Hens were charged with five errors and one of them, a heave into center field by Fitch Ernie Wingard, put Eddie Pick in position to score the winning run in the eighth.

St. Paul bunched three hits for three runs off Smith in the fourth inning and Indianapolis never was able to quite catch up.

Milwaukee's winning streak was snapped at seven games when Columbus scored a 6 to 5 victory. Pete Turgeon's error with two out in the eighth, gave the Red Birds the run that enabled them to stage off a three-run ninth-inning rally by the Brewers.

When Cochrane left the St. Louis, he joined Al Simmons, George Hean and Joe Mauer in the disability list.

Jimmy Dykes, Max Bishop, Johnny Hoving, Cochrane's one study, have also been out of game during the last month are now back.

After the champions had been sailing during the early part of the season the club physician the boys back in shape late July. But Jimmy Dykes pulled lame and Joe Mauer joined it with a second charity burn.

with a family to support. A year later, at a farmers' institute, he helped to organize a grange, was chosen an officer of the organization and since then has been an officer of a local, state or national organization.

Tabor said that in his fight for agricultural equality he always has tried to take the consumer's point of view, believing that thus the farmer would be bringing about a more satisfactory situation.

At his father's death, young Tabor, left with the responsibility of maintaining the farm home, became interested in the subject of taxation. He helped his mother get money together to pay the taxes. He still owns the home farm, and he points to the fact that the 1920 taxes on his farm were more than 1,000 per cent of the amount paid in 1902.

In this connection he tells an interesting story Mrs. Taber's father, Abner Bailey, an east Ohio Jersey breeder, made it a rule to give each of his daughters a Jersey calf for a wedding present. Shortly before their wedding, Mrs. Taber went to the pasture to select her present. As they approached the herd, all became frightened and ran but one.

Bucyrus Judge and Companion Discover Man Floating in Lake

BUCYRUS, Aug. 23.—The body of a man, believed to have been in the water for about four days was removed from Lake Erie Sunday afternoon by Probate Judge W. Miller and a companion.

The man, who looked to be about 35 years of age, was clad in a bathing suit. The body was discovered by Judge Miller who was attracted to a dark object floating in the water, as he sat on the porch of his cottage along the beach. Calling to a neighbor, the two procured a motor boat and rescued the body.

Authorities had not learned the identity of the man when Judge Miller left the resort Monday. Investigations were being made regarding a man reported drowned while in bathing at Lorain several days ago.

WED IN HASTE—IT LASTS

Marry in haste—but why repent? That's the attitude of Adeline and Napoleon Berry (above), of San Francisco, and why not? You see, they've been wed 65 years and were married only five days after they met. Mrs. Berry's advice to younger married women is, "If girls helped their husbands more nowadays, there wouldn't be so many divorces." She helped Napoleon make bricks when he ran a brick yard.

U. S. Relief Problems On Capable Shoulders

By The Associated Press
NEW YORK—The president of the largest private corporation in the world has been chosen by President Hoover to shoulder the task of organizing America's resources for unemployment relief during the coming winter.

He is Walter Sherman Gifford, president of the American Telephone & Telegraph Co., a business whose claimed assets of more than three billion dollars are almost a third larger than any other industrial, utility or railroad group in the world.

Mr. Gifford rose to fame largely on figures and the interpretation he gave them. He organized his company's statistical service said to be the most extensive of any private business in the world.

It is facts, figures and details that concern Mr. Gifford. He is a serious man. A friend says he plays seldom. He rides a horse on Thibault farm, his home in North Castle, N. Y., and swims some.

He does not golf, play cards or dance. He reads a great deal, but it is serious reading generally.

The phrase "business giant" is a just eulogy of Mr. Gifford. He does not believe in the existence of such people. One man organizations are a thing of the past.

He began his business career as a clerk for Western Electric in Chicago in 1904, going to New York for Western Electric two years later. In 1906 he became chief statistician for the American Telephone & Telegraph Co.

During the war he did an exhaustive job in organizing the Allied Munitions council. In 1919 he returned to the company as vice-president, three years later he was a director two years more, executive vice-president in 1925 president.

When he gives an order he takes in the words of a close associate "up around above below between and among the subject then makes a decision." He likes to talk to someone probably to clarify and ascertain the basic situation.

He gives few orders. His assistant usually get advice only when they ask for it. He does not call them in. He believes in the great set possible freedom of choice for all executives.

His business philosophy is simple. A few years ago outlining the policy of American Telephone & Telegraph he said the company never would make speculative profits.

It is that all surplus would be used to reduce rates or extend service.

Mr. Gifford has two young sons. He lives quietly on Thibault farm, so called because of its size. It has about four bedrooms.

He is precise in the extreme. He even empties the ashtrays before retiring at night. He is considerate of his employees.

One day, coming to town, his chauffeur made an abrupt stop at an intersection. Mr. Gifford reprimanded the chauffeur. The chauffeur was angry.

That night when he went home the chauffeur still was angry. So Mr. Gifford apologized for 20 minutes before he entered his home, telling the chauffeur in great detail what an excellent driver he really was.

LINDBERGH
IN JAPANESE
CAPITAL TODAY

Riotous Ovation Given Ameri-
can Pair on Arrival at
Tokyo.

CROWD IS UNMANAGEABLE

Admiral Abo Praises Colonel's
Courage in New York-
Paris Flight.

By The Associated Press
TOKYO, Aug. 26—Men, women
and children fought the police here
today in a wild scramble to get a
glimpse of Colonel and Mrs.
Charles A. Lindbergh.

The famous couple entered
Tokyo by train this evening after
landing at Gassumgura naval
base, 50 miles from the capital, the
official terminus of their 7,132
mile flight from New York.

At Ueno station the Lindberghs
encountered probably the most
dense crowd in their experience.
Several times while the fliers and
their official party were being
seated in limousines the crowd be-
came unmanageable and for a
time it looked as though the Lin-
dergh automobile would be over-
run.

Received By Admiral
The police were taxed to the
utmost to keep the crowd away
from the fliers. The Lindberghs ar-
rived at Kasumigaura at 2 P. M.
(12:30 a. m. Marion time) after
a 613 mile flight from New York.

Admiral Abo, in uttering the
initial welcome praised both the
Colonel and Mrs. Lindbergh for
their flight across the Pacific and
hailed them as messengers of
peace, tending to strengthen the
friendly relations between Japan
and the states.

Lindbergh, in responding stress-
ed his appreciation of the hospi-
tality extended from all quarters
and said he and Mrs. Lindbergh

AKRON TAKEN FROM
HANGAR FIRST TIME

Ground Crew "Walks" Huge
Ship Outside in Practice
Launching.

By The Associated Press
AKRON, O., Aug. 26—The Akron
queen of the air, poked her nose
out of her giant dock early today
for her first visit into the open air.

A ground crew of 200 men
"walked" the ship, the largest
in the world, outside of the
hangar in the dress rehearsal
to prepare for the first flight some
time in the near future.

The ground crew was divided
into 10 squads. Fifteen or 20 men
were stationed at each of four lines
along the sides of the ship. Others
at forward and rear positions
manned 10-ton handling cars.

The stern fin was raised and
placed on wheels, the handling
lines were attached and adjusted,
and with the Mobile mooring mast
pushing the huge craft, the ship
was taken half way from the dock
stern first and then moved out of
the hangar on a level distance.

Other members of the Akron's
crew were stationed within the
ship where handling lines were
attached and at the port holes re-
lating messages from Rosendahl
and Wiley to engineers operating
the mooring mast.

With the first launching re-
hearsal completed, the program of
construction tests inside the dock
was ready to be resumed.

PLAN HUGE DRIVE TO
RAISE RELIEF FUNDS

Administration Hopes To Make Congressional Ap-
propriation for Unemployed Unnecessary.

WASHINGTON, Aug. 26—The
administration hopes to be able to
inform congress in December that
relief funds raised locally through-
out the country will be adequate to
care for the unemployed during the
winter months.

It was emphasized today by
arrangements for completing a
nationwide drive for relief funds
two weeks before congress meets
in regular session on Dec. 7.

President Hoover's organization
on unemployment relief headed by
Walter S. Gifford selected the pe-
riod from Oct. 15 to Nov. 25, for
the appeal to obtain funds through
city, state and county campaigns.

The time was fixed following a
conference between the national re-
lief director and representatives of
public and private welfare organ-
izations.

It was announced this period had
been determined upon "because of
the fact that a majority of the
fund drives in past years have been
conducted between those dates."

The relief organization recom-
mended that "as far as practicable
campaigns for relief funds and also
welfare campaigns which include
relief funds be conducted this year
during this period."

To the extent that all campaigns
fall within this period, it said, "it
is believed additional impetus will
be given to each local effort."

Drive Local in Nature
Gifford has emphasized the national
organization is not planning to
raise a fund, but will merely co-
ordinate and encourage the raising
of funds by political subdivisions.

The campaign, however, will be
nation-wide with appeals sent
from national headquarters by radio
and press.

As Gifford continued today to
devote his entire time to the relief
problem he was encouraged by
scores of offers from prominent
business men to aid him on a vol-
untary basis.

LABOR PARTY
VOTES OUSTER
OF M'DONALD

Coalition Cabinet Starts Work
on Budget Immediately Af-
ter Taking Office.

PREMIER REGRETS ACTION

Banished Party Head Places
Nation's Financial Well-Be-
ing Above Own Status.

By The Associated Press
LONDON, Aug. 26—Great Brit-
ain's second labor government of-
ficially stepped out of office today,
and a short time later the coalition
cabinet got down to work in an at-
tempt to balance the empire's budget.

The new government, headed by
J. Ramsay MacDonald, Labor pre-
mier, had hardly taken the reins
when the Labor party in Mr. Mac-
Donald's home haitwick in London
adopted a resolution banishing him
from the party.

In adopting the resolution ban-
ishing Mr. MacDonald, the Hamp-
stead division of the party vilified
the premier for his "disloyalty to
the Labor party and his open
flouting of party discipline in
joining the Anti-Socialist govern-
ment."

Mr. MacDonald apparently an-
ticipated some such move on the
eve of the Labor party meeting sched-
uled for Friday, and forwarded to
all labor members of parliament a
personal message explaining his
recent course of action.

"The financial crisis was ap-
proaching rapidly," he wrote.
"It had become a matter of
hours and we had to act im-
mediately. The Labor government
strive hard to agree about this
issue so that it might continue its
work in other fields, but it failed
and had to face the consequences."
"If our financial stability is en-
dangered and a run is made on
our financial resources the conse-
quences could be too terrible to
contemplate. This makes temporary
retrenchment inevitable and im-
poses some amount of common
sacrifice."

Expressed Regret
He expressed regret that after
a lifetime of work in the labor
movement he and some of his col-
leagues had to decide in the
interests of the country on a course
which might jeopardize the party
for the time being. He appealed
to Labor members to suspend
judgment until parliament assem-
bles and the events of the past
few days may be seen in per-
spective.

MANIAC MOTORIST
KILLED BY POLICE

Chicago Man Slashes Patrol-
man with Hatchet Before
Getting Bullet.

By The Associated Press
CHICAGO, Aug. 26—A maniacal
motorist endangered hundreds of
lives and attacked two policemen
with a hatchet today before he
was shot to death. Cards in the
man's pockets indicated that he
was H. E. Young, a Franklin
Park, Ill., railroad clerk.

A wild five-mile chase started
at Noon, northwest suburb, when
highway policemen Frank
Stankowicz tried to arrest the
man for signagging across the
street. The motorist first tried to
run over the motorcycle officer
and then sped away. At one inter-
section of the West Side the man
drove into a crowd waiting for a
street car, narrowly missing sev-
eral persons.

Policeman Fred Kordes joined
the chase, jumping on the rear of
Stankowicz's motorcycle. Suddenly
the man stopped and ran at the
policemen, swinging a hatchet and
shouting curses. The officers had
emptied their pistols at his three
times after slashing Stankowicz's hands.

He jumped back in his car and
drove on furiously.
Meanwhile Stankowicz had jumped
on the running board and, when
the motorist chopped at his hands,
Stankowicz climbed to the top of
the car. The man drove with one
hand and chopped at the roof of
the car with the other. Another
motorist forcing him to the curb,
the man began chasing Stankowicz,
shouting that he "batted coppers."

Officer Kordes, who had com-
mandered an automobile after the
motorcycle was wrecked, arrived
and killed the man.

Mystery Surrounding Deaths
of 10.

NECRO TELLS STORY

Says Mrs. Veres Promised
Him \$500 To Remain
Silent.

By United Press
DETROIT, Aug. 26—Mrs. Rose
Veres, 48, today was held while po-
lice delved into the mysterious
deaths of 10 men, three of them
her husbands, who have died at her
home under strange circumstances.

Findings of insurance policies
totaling \$1,500 in her favor ar-
rived by Steve Mak 30, a roomer,
who died in Receiving hospital
Tuesday, presumably of injuries in
a fall, led to detention of the wife
and woman known as the "Witch
of Delray."

John Walker, a Negro, who said
he saw Mak's fatal plunge, said
Mrs. Veres told him that she, her
son and another roomer beat Mak
in the basement of the home and
carried him to the attic and threw
him out.

Walker said Mrs. Veres explained
police would never know what oc-
curred because a ladder standing
below the window would make it
appear Mak fell.

She promised me \$500 if I prom-
ised I wouldn't tell anybody,"
Walker added.

Six years ago Mrs. Veres was
questioned when two of her
boarders died of alcohol poisoning.
Two years later, according to her
attorney, Mrs. Veres was in custody
when her last husband and a
boarder died of carbon monoxide
gas in an automobile in the rear
of the Veres home.

The deaths of five other boarders
have also occurred in the home, two
of whom apparently hung them-
selves.

Mrs. Veres was believed by po-
lice to have paid for the insurance
of the men in which she was named
beneficiary.

New York Records Another
Gang Killing; Federal Drive
Under Way.

By The Associated Press
NEW YORK, Aug. 26—A gang
killing while scores of crooks and
mugshots were being rounded up
stirred the police and others to new
activity today.

Three men invaded a Bronx es-
tablishment last night, strode over
to a table where Theodore Naddi,
29, was playing cards with two
companions and shot him dead.
Naddi's two companions and the
gunmen were gone when detectives
arrived. Police regard the place as
a speakeasy.

Federal agents dealing with in-
ternal revenue, narcotics prohibi-
tion and other matters have con-
ferred with federal attorneys
Ames of Brooklyn, and Medalle of
New York. It is the purpose of
federal officers to aid in the drive
against crime by obtaining infor-
mation before special grand jur-
ists.

Most of the 100 men arrested in
the police drive yesterday were al-
lowed to depart after brief formal-
ities. Some had guns. Another
batch was brought in today.

Offer Before He Met Kinsley, Accused of Mak-
ing Proposal To Halt Quiz.

FORMER STATE EMPLOYE MAKES DENIAL

Other Members of Committee Hint Chairman At-
tempting To Advance Own Political Wel-
fare by Means of Investigation.

By The Associated Press
COLUMBUS, O., Aug. 26—James
W. Taylor, a Columbus lumber
broker, announced today that State
Senator David Lorchbach of Cincin-
nati, talked about an offer to him
to end the senate committee investi-
gation of the state highway depart-
ment before he ever met Clyde J.
Kinsley.

At a special meeting of the com-
mittee in Cleveland yesterday, Sen-
ator Lorchbach, chairman of the in-
vestigating committee, named
Kinsley as the man who ap-
proached him and offered him
\$250,000 to "retire" from the investi-
gation. Kinsley denied he made any
offer, but said he had told the sen-
ator of rumors that a \$50,000 fund
was to be collected for the com-
mittee.

Met in March
According to Taylor he intro-
duced Kinsley to Senator Lorchbach
last March, and before that time
the senator had told him about the
alleged offer of money to halt the
probe. He added that the introduc-
tion was at the request of Lorchbach.

Sensor Lorchbach told me several
weeks before I introduced him to
Kinsley that an effort was on foot
to buy off the committee," Taylor
said. "Evidently Lorchbach has
named the wrong man, having
somebody else in mind."

Charges made by Senator Lor-
bach that Kinsley, a former state
highway engineer, allegedly offered
him money to "retire" from the
investigation, will be aired before
a special meeting of the committee
next Tuesday in Columbus.

Senator Lorchbach, Cincinnati
Democrat, yesterday revealed the
name of the man who approached
him as Kinsley, will last January
a highway department engineer but
now an employee of the state tax
commission.

Kinsley, who flatly denied the
senator's charge, was alleged by
Senator Lorchbach to have stated
that \$250,000 was available if his
investigation of the highway
department was forestalled.

BELIEVE CANTON MAN

Joe Costello's Body Found Near
Exclusive Country Club
District.

By The Associated Press
CANTON, O., Aug. 26—Working
on the theory that the slaying of
Joe Costello of Canton, was the out-
growth of a feud between rival
rum running rings operating be-
tween Pittsburgh and Cleveland,
Stark county authorities today
turned to the police of those cities
in the hope of uncovering a clue in
the killing.

Police said that an associate of
the victim gave them a "tip" on
which they based their belief that
Costello was killed because of fric-
tion between the Pittsburgh and
Cleveland gangs.

Coroner T. C. McQuate said to-
day that his examination of the
body showed Costello had been killed
by a blow on the back of the
head. The skull was crushed. At
first it was believed the man had
been dragged to his death by a
clothesline attached to his neck.

The body was found by a farmer
in a thicket near the exclusive
Congress Lake country club. He
had been dead about three days.
Police said Costello had no police
record under that name, but they
believed he was known, under
aliases. At his rooming house he
was registered as "Rayner." Re-
latives and associates did not know
how he earned a living. He came
here from St. Louis several years
ago, and was known as a "well
dressed and free spender."

Day Races, Night Rodeo Will Be Fair Features

\$4,000 in Premiums Will Be Offered This Year; Agricultural Exposition Will Open Sept. 29; Grounds Improved by Secretary.

Harness races during the 1931 Marion County fair Sept. 29 to Oct. 2 will be held in the afternoon, not at night, Carl W. Sitt, secretary of the Marion County Agricultural society, announced today.

Night rodeo, as first contemplated, has been given up as a possible feature of the fair for several reasons.

Before it was definitely known that the race track would be utilized this year, the board contracted for the appearance of the King Brothers rodeo, one of the largest on the road, as a night fair feature. The contract specified a guarantee and a per cent. of the gate receipts after 5 p. m. each day.

Since the rodeo does much advertising independently, its managers would not consent to afternoon appearances, feeling that the rodeo will draw larger crowds than the night races.

Expect Better Shows Another reason favoring afternoon races is the preference shown by racing by horsemen generally. As the Marion county fair will be unusually late this year, and as three other Ohio fairs will be in progress at the same time, fair officials feel that afternoon racing will draw more horses to Marion for the week than night racing would.

The elaborate lighting system installed this year will be used by the board this year in connection with the rodeo presentation each night. The rodeo is made up of 35 persons and 65 head of livestock, and will give a varied program under the spotlight.

The appearance of the rodeo this year, coupled with a reduction in admission prices to 25 cents with no charge of automobile admission, is expected to boost the fair attendance to new levels this year. Grandstand prices have undergone alteration. Admission to the stand will cost 25 cents, a reserved seat will cost an additional 25 cents or a total of 50 cents, and reserved boxes will cost a total of 75 cents. The reserved seat section includes the first five rows of the grandstand, taking in 400 seats.

Plans for the fair are rapidly taking form. Premiums totaling \$4,000 are offered in addition to race purses of \$2,300. Concessions are being sold almost daily by Secretary Sitt. A number of details will be taken up by the board at a meeting Friday night in the office of the board of elections in the Marion Building, Savings & Loan Co. building.

Extensive improvements have been made on the grounds since the 1930 fair. Secretary Sitt has been devoting full time to improvement, and has the grounds in better condition than they have been in years. Members of the board may. The grandstand has been conditioned, the fence in front of the stand has been rebuilt, trees on the ground have been trimmed, and the grounds have been mowed.

A section of the old vegetable hall will be cut away from the main part of the hall and remodeled into a poultry display room. In previous years the board has paid \$40 for tents to cover the poultry display.

A section of the bandstand in front of the grandstand has been cut away, making the use of another grandstand entrance and exit possible. Parts of the grandstand have been painted.

SALT AND PEANUTS, WLW RADIO STARS, BOOKED AT PALACE BY MALLIE WOODCH

"Salt and Peanuts" is the attraction at the Palace Saturday and Sunday. They're from WLW in Cincinnati and are on the air every morning at 9.30. Their press material states that they were at one time Frank Saitz & Company, traveling in vaudeville for more than a year. She, "Peanuts," got the job as his partner because she crabbled about his vaudeville act, told him it "wasn't" when he wasn't on the stage. The two dancers in his act were fired and "Peanuts" became the other half of the show.

Max Martin, author, and Louis Gaudier directed "Bliss" coming to the Palace Thursday and Friday. Clive Brook, Peggy Shannon, Marjorie Rambeau and Charles Starrett play the leading roles.

Two hundred citizens of Riverside, Calif., were movie actors for a day when they hired out as extras in a crowd attending a carnival scene for the picture. Peggy Shannon, the girl who took Clara Bow's place with Paramount, is a native of Pine Bluffs, Ark.

Clive Brook says that Pig Latin, the language spoken behind teacher's back, is steeped in inquiry. It was invented, he says, as a code language for the underworld, confidence men and grafters so that they could talk in the presence of strangers without betraying themselves. Brooks had to study the "goofy" lingo for his part in this picture.

MOUSER TALKS AT MEETING OF LEGION Delegates Give Reports On State Conventions At Cleveland

Reports of delegates to the state convention in Cleveland last week and a talk by Congressman Grant E. Mouser Jr., were given at a meeting of the Marion Post No. 102, American Legion, in the dugout on south High street last night.

Relief of disabled soldiers and what steps are being taken to give relief to veterans were taken up in Mouser's talk. The convention delegates, C. C. Caldwell and J. W. Llewellyn, and alternate Verne Goff gave a detailed report of action taken at the convention. Routine business was transacted before the reports were given.

EXCLUSIVE? No; 27 Marions Are Listed in Postal Directory Marion is just another Marion to the postoffice department. Perhaps it is better known than the other 26 Marions in the United States because it has been the home of a president.

A check with the local postoffice shows that there are 27 offices in the country named Marion. O. and Marion, Ind., are the two which cause most trouble in mail.

States in which the 26 are located are Alabama, Arkansas, Connecticut, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New York, North Carolina, North Dakota, Oregon, Pennsylvania, South Carolina, South Dakota, Texas, Virginia and Wisconsin.

And Marionites were amply thinking they lived in a one-of-a-kind city.

So common is it for big mail-order houses, especially Chicago, to direct packages to Marion, O., that are intended for Marion, Ind., that the local postoffice keeps an Indiana business directory.

Many letters and packages wind up in the dead letter office in Washington, D. C. because careless senders fail to put on a complete return address. Persons sign their names and Marion, giving no state. Twenty-seven states are too many for a "round robin" returning of mail, and it goes to Washington, D. C. to join the thousands of pieces of misdirected mail.

Some, preoccupied when addressing mail, write the correct firm or person's name and address to Marion, O., their own city. The mail never leaves the postoffice here and unless there's a return address the mail is sent to the dead letter department. One prominent Marion business man was caught that way and imagines his chagrin when a postoffice employee telephoned him that his mail wasn't addressed right.

The best remedy for mixups in mail, especially to a Marion in another state, is to check and double check the address that's been written, before the package or letter is slipped into the chute at the postoffice, and to be sure a correct return address is affixed.

HUDSON with Selective Free Wheeling Means SUPREME PERFORMANCE

Scores of motorists fresh from examining and driving the latest and best cars of the day declare Hudson the supreme performer.

They refer not alone to the luxury of its flowing smoothness. They think of other qualities than sleek gear shifting or greater comfort. They are enthusiastic about Hudson power, the aliveness of its motor, the ease of its steering and the luxury of its interior.

Now Selective Free Wheeling greatly enhances a performance that was already individual. Its flowing ride is unlike anything you have ever experienced in a motor car. Gears shift silently, from high to low, down or up without need to use the clutch. You will like it. And you will learn that Hudson meets every requirement of true luxury at moderate prices.

THE STARTIX Simplified and Automatic Motor Starting A New HUDSON Feature

Women who drive their own cars will appreciate the convenience of the Startix. Just turn the key and the motor goes into action. No pedal to step on, no levers to pull.

You never need worry about stalling your car. The Startix takes over the work of the clutch on the gas pedal and starts the motor without any effort or thought on your part.
